

Recommendation to the Consortium

The STC encourages

- Consortium members to be more active in promoting the initiative – we need a champion!
- More countries (EU member states) to become members of the initiative
- Provide financial support for the work of the initiative (secretariat, STC....)
- Be an ambassador of the aims of the initiative and engage with funding agencies
- Establish a governing body to interact with secretariat/STC between meetings
- Provide a view on how the consortium wants to promote SOC project
- Develop a vision including business plan for the next 5 years

The STC is available to conduct formative assessment of soil carbon actions of partners on a voluntary basis using the 4p1000 criteria and indicators.
