CLIMATE CHANGES?
AGRICULTURE IS THE SOLUTION, NOT A PROBLEM!
ONE FIRST SHORT ANSWER!
CALL THE FARMERS!

WHY?
The role of farmers in innovation for

+ climate adaptation & mitigation
+ sustainable production
+ other ecosystem services
+ regenerating agroecosystems

Carbon Farming
c. chenu, et. al., 2018
Fazenda Grimm W2L
São Gabriel do Oeste
4 metros de raiz
12.5%!
(180 M ha in 2015/16)

Who can help?

A. Kassam et.al., 2018
We are the GCAN Global CA farmers Network

A Global network around the world. Conservation Agriculture is a global solution supported by UN and multi-lateral organizations, and many CA national and regional networks.
